

30 January 1964

REPLY TO  
ATTN OF: P.E.

SUBJECT: Monthly Activities Report for Month of January 1964

TO: Commander  
WRSP-IV

1. Flight Activities: There were no P.E. discrepancies noted for the seven (7) flights made during the reporting period.

2. Training:

a. [ ] are considered qualified to perform Personal Equipment support for this organization on deployments.

b. This unit has been notified that [ ] P. E. technician earmarked for Detachment "H", will be coming for 30 days training in P.E. and E&E procedures prior to departing for Det "H".

3. Seat Pack Maintenance: In addition to routine maintenance, Mr.

[ ] serviced one (1) LAC seat pack.

4. Leaves: [ ] started emergency leave as of 27 Jan for approximately two (2) weeks duration.

5. Research and Development:

a. Q443 Seat Pack. We are awaiting the return of the Q443 prototype seat pack from LAC. Telecon with [ ] LAC during this reporting period indicated the seat pack was in the hands of the Rocket Jet Corporation having a new oxygen Q.D. installed and strong hardware. The seat pack is supposed to be returned by 31 January 1964. Headquarters has asked for and received our recommendations to ECP LAC 137-1 on the Q445 seat pack which would bring the specifications up to

6. Shop Improvements: [ ] room is now completed but is in dire need of suitable heating and airconditioning. At present [ ] is getting by with a portable electric heater that does not meet the need. [ ] old room has been converted into a locker room for the pilots to store their T-33 clothing and equipment.

7. Personnel: [ ] has requested a month early release from the project in order to have his family settled before starting a new school year. The squadron commander has approved his request. The new tentative release date will be 8 August 1964 pending approval [ ]
